WORKSHEET 2A:
CHANGES IN THE WORKPLACE

Instructions to students: This activity is to identify technology which we now find commonplace and assess the likely impact on life at the time of its invention. The list on Worksheet 2b can also be used for this activity.

For instance, did workers become more skilled? Did the working week shorten or lengthen? Did workers earn more money or less? Was society better off and in what way?

Invention/technology:

.....

.....

Impact on:					
Education	Workers	Working conditions	Employers	Daily life	Society
